Floor Plan Overview

Design Topic Story: Shared History

Shared roots date back to 1864

DNV Council records from 1868 list plans to create a common class register for the two organizations

1891- mutual recognition of certificates and a common ship register (unsuccessful)

1912 - only official classification industry delegates at the adoption of the first International Convention for the Safety of Life at Sea

Post WW II – Scientific Approach in Ship Design

1970's North Sea oil boom and Wind Energy Industry

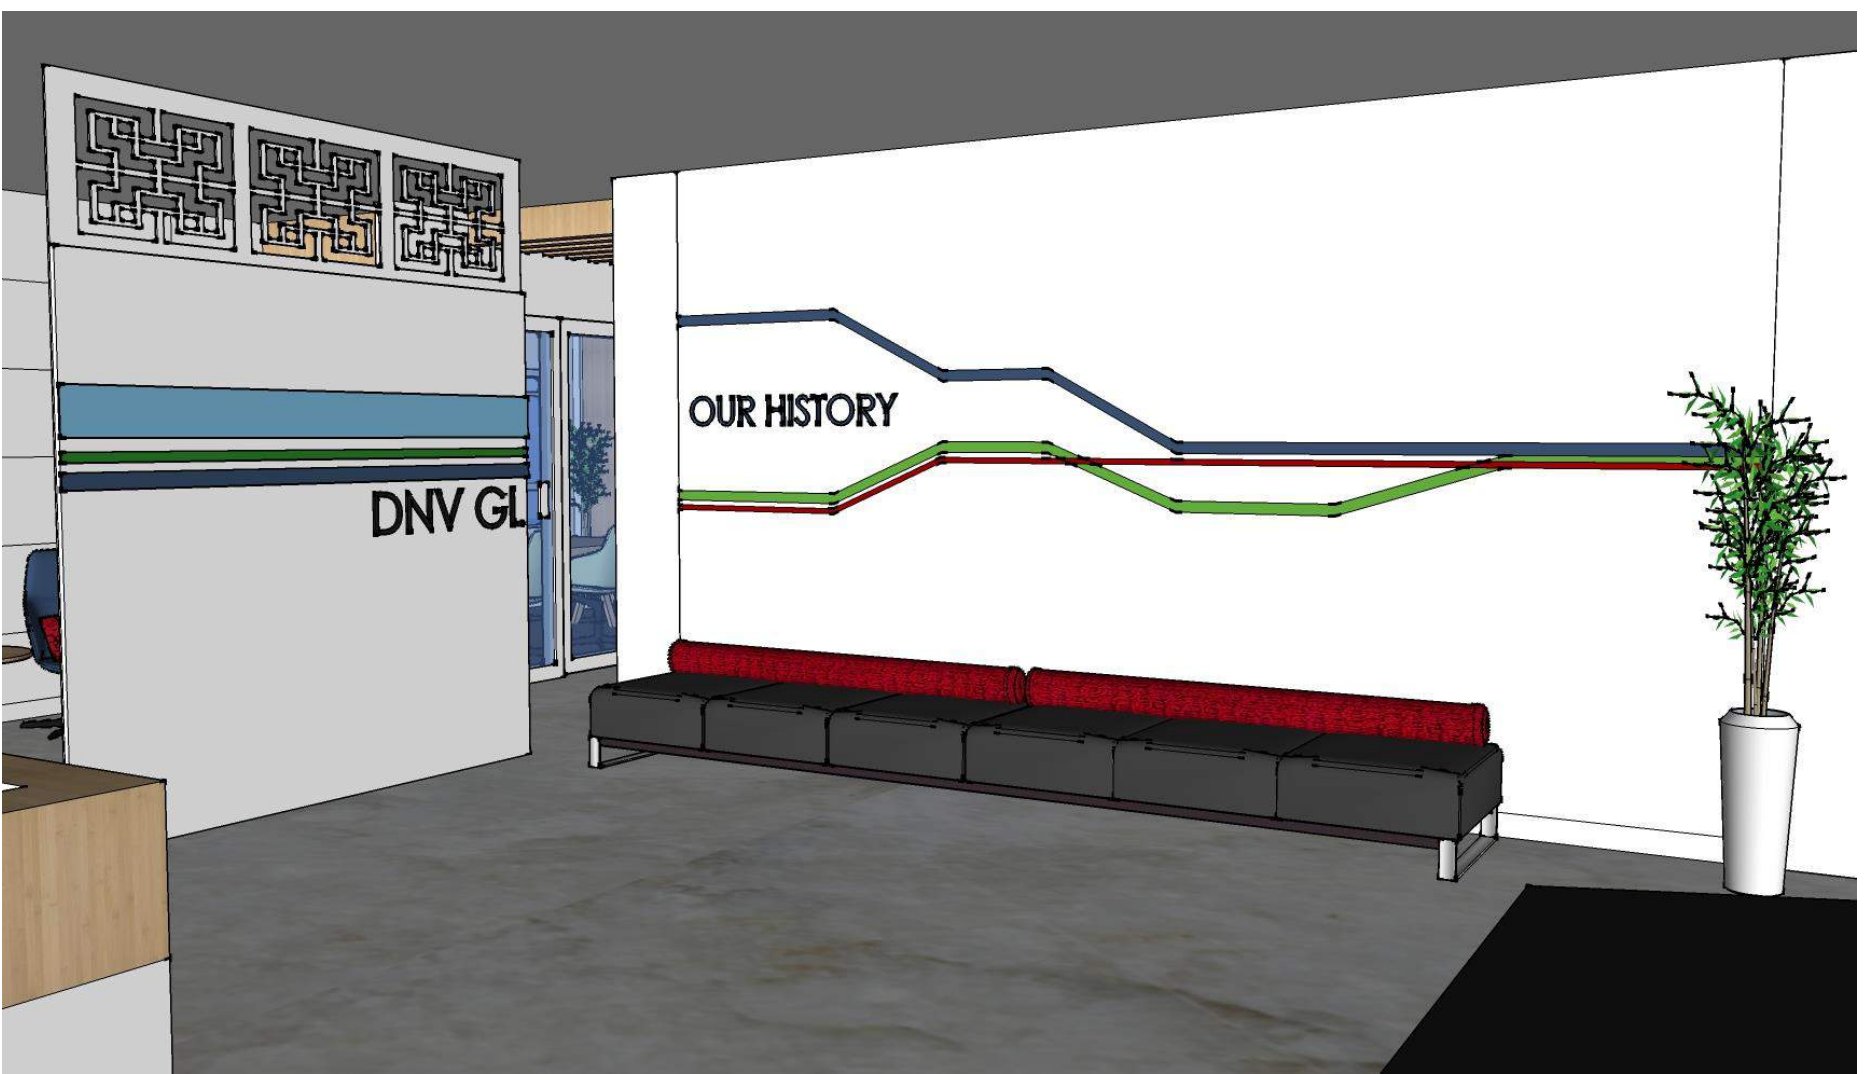

Alliances, mergers, and acquisitions

Merge discussions 1986, 2000, 2006

September 2012 – officially DNV GL
